

# *Cherish*

*By Diana Quintanilla*

*The way my heart fills with great emotion,*

*Your compassion takes over my body.*

*Your love mellows my thoughts like the ocean,*

*Take my love and you'll be my somebody.*

*Please cherish our love, for we'll never be apart,*

*Nobody can replace you from my heart.*

*You paint a clear image of love like art,*

*Between us no failure comes across us.*

*Your appearance is flawless next too perfect,*

*Beauty blossoms in you for I am obsessed.*

*Love is shared with one and another with respect,*

*Dreams of us forever, let's make it real,*

*I'm here to stay with my heart... For you I will seal.*
